### **Elias Brothers announces record-breaking sales quarter**

Elias Brothers Group Painting and Contracting, Inc., a provider of waterproofing and restoration services in Southwest Florida since the 1980s, has finished the second quarter with record-breaking sales. Revenues as of the second quarter of 2009 were up 47 percent over the same period last year.

Roni Elias, President of Elias Brothers Group, described the growth in sales as “part of a very positive trend the company has been experiencing since 2007.” He contributes the company’s success in these “less than perfect” economic times to the firm’s ability to maintain reasonable and affordable pricing, a loyal customer base and a dedicated team of employees.

In addition, Elias Brothers Group has developed innovative payment terms and programs for its customers allowing the company to continue its long-term customer relationships.

From its beginnings as a small, family owned painting business, Elias Brothers Group has evolved into a respected contractor in Southwest Florida. The company has been involved in painting, contracting and new construction since 1989 and is pleased to be celebrating its 20th anniversary in business this year.

Elias Brothers Group is in the process of actively planning and preparing for diverse growth geographically throughout South Florida. Strategic growth plans include expanded services in high rise, restoration and renovation. With revenues up 47 percent for the second quarter, sales are on track to meet the 50 percent year-over-year increase projected for 2009.

Elias Brothers Group is actively hiring the best talent to successfully grow their organization to be the contractor of choice in Florida. Presently, the company employs over eighty skilled individuals and professionals in the area. For more information, visit [www.elias-brothers.com](http://www.elias-brothers.com).
